### Presentazione:

Alla luce delle esperienze internazionali maturate dal sottoscritto in oltre venti anni di ricerca scientifica, pubblicazioni, congressi ed attività clinico chirurgica, nel 2020 la Direzione Generale della Salute presso la Commissione Europea mi ha nominato membro del Gruppo Esperti in Medical Devices in Ortopedia, Traumatologia, Riabilitazione e Reumatologia.

A seguito dell'attività svolta presso la Commissione Europea, nel 2021 mi hanno eletto Chairman del Gruppo Esperti spinal devices, al fine di supportare gli Enti di notifica per il monitoraggio dei progetti nella ricerca.

Nel 2022 l'EMA (European Medicines Agency), ha preso in carico tale Gruppo Esperti per coordinare tutti i progetti.

Specialista in Ortopedia e Traumatologia, da oltre venti anni mi sono dedicato alla chirurgia mini invasiva del rachide, sia con attività di ricerca clinica, che attraverso l'utilizzo delle più avanzate tecnologie chirurgiche. L'attività di collaborazione internazionale con colleghi appartenenti a diversi istituti universitari ha permesso anche la curatela, come editor di Springer International, per la pubblicazione di quattro volumi in lingua inglese, relativi alla chirurgia vertebrale.
